					Purity: Germ: Other:	
					Purity: Germ: Other:	

Generation Codes: Foundation (F) Registered (R) Certified (C) Uncertified (UC)

Isolation: Yes or No, Estimated Pounds _____

Special Instructions: _____

** Since April 2009, there has been a pesticide use-reporting requirement that applies to many types of vegetable seeds, Radish, Meadowfoam, Clover, Turnip, and Vetch. If you are bringing any of these types of seed to us for cleaning please **list the chemicals used on the Crop Information Sheets**. We are required to maintain these records for 3 years and verify how we have disposed of the screenings after cleaning. **Grass seed does not have this requirement.**

Please return copies of this sheet by May 31, 2023
